ABOUT US

As the first nonwoven medical healthcare manufacturer in Lebanon, we take pride in pioneering local production that meets international standards.

At MD Medical Industries, we are dedicated to manufacturing **premium disposable medical products** that meet the highest standards of safety and protection.

Our facility includes **state-of-the-art cleanrooms, sterilization units, and fully equipped production lines** for surgical gowns, drapes, sterile packs, and hospital wear. Each product is designed and assembled with precision to ensure **infection control, comfort, and reliability** in demanding healthcare environments.

Backed by a specialized technical team and strict quality assurance protocols, MD Medical proudly serves **hospitals, clinics, and distributors across Lebanon and the MENA region.**

We continue to invest in **automation, innovation, and sustainability,** driving forward our mission of "Innovating Protection."

WHEN STANDARD IS NOT ENOUGH

CUSTOM CARE SOLUTIONS

Tailored Protection for Every Procedure

At **MD Medical Industries**, we understand that every healthcare environment has unique protocols and clinical requirements. Our **Custom Care Solutions** program enables hospitals, clinics, and distributors to tailor disposable medical products and procedure packs to their exact needs; ensuring precision, efficiency, and dependable protection

What We Can Customize

Custom Procedure Packs

- Procedure-specific configuration (OR, ICU, ER, outpatient)
- Component selection & quantities based on clinical protocol
- Standardized packing list to reduce preparation time and waste

Custom Drapes & Fenestrations

- Customized dimensions (length / width)
- Fenestration position and shape (round, oval, U, rectangular)
- Reinforcement zones based on high-fluid or high-friction areas

Materials & Protection Levels

- Fabric options aligned with required barrier performance
- Reinforced areas (chest, sleeves, critical zones)
- Breathability and comfort considera tions for extended wear

Labeling & Packaging Personalization

- Cutomized labeling (procedure name, department, reference codes)
- Barcodes / QR codes for traceability (on request)
- Packaging format aligned with storage and handling workflow

To request a customization proposal, contact our team and share your procedure details.
